We are pleased to welcome all QuickCare clients into the MDI Achieve family as MDI Achieve recently completed the acquisition of the business activities and assets of QuickCare Software Services, L.P. and QuickCare, Inc. (“QuickCARE”), based in Dallas, Texas. This transaction better positions MDI Achieve for continued growth in the evolving elder care market and also strengthens MDI Achieve as the leader in providing software solutions and services to the industry.

MDI Achieve software solutions continue to evolve into a collection of products that provide the best features and functionality as well as industry expertise. MDI Achieve values QuickCare clients and will continue to support QuickCare products. Client contracts pertaining to the Therapute software application were not part of this transaction. All obligations related to the implementation and support of the Therapute software is now assumed by Therapute.

MDI Achieve, QuickCare, and Logibec (MDI Achieve’s parent company) have built their organizations on a commitment to providing clients effective software solutions and a dedication to personalized, top quality, real-time support provided by over 450 people. You can always contact our talented support staff and those individuals who comprise our organization’s client-facing teams, including those individuals who form QuickCare’s excellent support team.
