

Veterans' Home Solutions

ULTRACare also includes many unique features designed specifically for communities serving our country's veterans, including state and federal veterans' homes and homes under contract for veteran service. There are many specific features for the veterans' population such as:

- Demographic information on the veteran's service record including up to five separate service histories
- Calculation of veteran-specific resident fees based on aid and attendance
- Automatic generation of data for VA form 10-5588 with auto-remittance capability of funds
- Generation of VA specific forms including:
 - VA 10-10EZ
 - VA 10-10EZR
 - VA 1010SH
- Estate billing
- Advanced resident trust funds in accordance to Veterans Homes requirements
- Per Diem based reimbursement structure based on resident fees and qualifying veteran days
- VA Association data captured for each veteran with custom reporting available
- Veterans honors and awards information available in detail or summary
- Service disability percentage information captured and reported
